**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments, see Amendment , filed 10/14/04, with respect to claims 1-34 have been fully considered and are persuasive. The rejections of claims 1-34 have been withdrawn.

***Reasons for Allowance***

2. Claims 1-34 are allowed over the prior art of record.
3. Examiner agrees with the arguments in the Amendment, filed 10/14/04. The prior art of record does not teach "rewritable media having a bistable, electrochromic, molecular colorant layer susceptible to localized electrical fields" nor "molecular colorant" in which each molecule is a nanotechnology single molecule switch, each molecule having at least two different optical states dependent upon electrical forces, as stated on page 1, line 24 – page 2, line 2 of the Amendment, filed 10/14/04. Therefore the case is in condition for allowance.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
